Lilac brown, orange and green.
Leopards / Bridge and antenna.

No South African currency has to date been demonetized and all banknotes of previous issues are regarded as legal tender, even though they are withdrawn from circulation after a new series has been issued. The only exception is the 200 rand note of the first type, which has been retired from circulation because of massive counterfeiting.

One South African pound equals two Rands.

South Sudan SSP

Republic of South Sudan • Sudan del Sur • Soudan du Sud
